CAD-CUT® FANCY

TEXTILE PRINTING FILM WITH UNIQUE GLITTER & REFLECTION EFFECT

CAD-CUT® Fancy is the perfect combination of glitter and flex film. It has a unique glitter and reflective effect, but has the feel of a flex film and is just as easy to process. The foil is also very versatile, as the glossy finish can be transformed into a matt surface with a second print.

OEKO TEX® STANDARD 100

AVAILABLE IN
50 cm x 25 m rolls

RECOMMENDED FABRICS   * Test before application!

· 100 % Cotton

· 100 % Polyester*

· Cotton-Polyester blends

CUTTING NOTES
Always test the cutting settings before production. Remember that the settings depend on the age of the blade used. To ensure optimum processing of the material, a **minimum line thickness of 1.5 mm is required**.
